2016-2017 Cycle (Due: December 9, 2016 by 12:00 pm)

INSTRUCTIONS: Please write your responses in the boxes below.

SCHOOL NAME:	Centennial High School
CONCEPT NAME:	Personal Fitness Waiver
STRATEGIC INITIATIVE(S) (from new strategic plan):	Seek additional opportunities to expand flexible learning and provide spaces for experienced based learning

Data Analysis & Program Impact	
<p>1) Describe the impact of the RFF. To what extent were students exposed to the initiative associated with the RFF? To what extent was there a measurable increase in student outcomes, teacher instructional practices, and/or school climate and culture as a result of the RFF-supported initiative? Be sure to include supporting quantitative data in your analysis.</p> <p><i>Contact Kimberly Richards, with Department of Strategic Planning & Program Evaluation, at richardsk@fultonschools.org, for additional support with evaluating your RFF.</i></p>	<p>From 2015 to 2016, we have increased from 148 students to 175 students who have utilized this opportunity and met the waiver criteria through successful participation in at least one of the following:</p> <ul style="list-style-type: none"> One year varsity (or two years sub-varsity) of a GHSA sport at Centennial High School Two years in Centennial High School’s Marching Band Three years’ completion of Centennial High School’s JROTC One year of an approved club sport (fencing) <p>These students have used this opportunity to pursue electives and additional academic options suited to each person’s unique college and career path. This has also allowed the opportunity to increase pathway opportunities. Additionally, hundreds of students have indicated their plan to exempt personal fitness by submitting an Intent to Waive Contract.</p> <p>Students and Families: Students were able to choose an alternative physical education elective or additional academic elective course that they may not otherwise have time for in their schedules. This request for flexibility has honored the time and commitment displayed by our students and their families to sports, JROTC, and marching band at Centennial HS.</p> <p>School Schedule: This model has positively impacted the Personal Fitness class sizes for teachers and students, as the class size for our on campus personal fitness classes</p>

	has decreased by 10%. Also, it has enabled the school to offer eleven additional electives that otherwise students would not have time allotted for in their schedules.
Rationale for Continuing RFF	
<p>2) Describe the progress your school has made toward the project outcomes and go also outlined in your original proposal. What challenges have you encountered? Detail any changes or adjustments that must be made to the original proposal for implementation during the 2016-2020 strategic plan cycle.</p>	<p>We have successfully implemented this RFF and we have made progress towards the outcomes and goals as outlined in our original report. We have increased the number of students whose schedules afford them the opportunity to take other electives, one of the impacts we had hoped to achieve, by waiving the personal fitness requirement for qualified athletes, JROTC members, and Marching Band students.</p> <p>Considering the successful implementation and ongoing development of this RFF, we are not making any changes to the original submission.</p>
